

UPS battery cabinet with battery

Overview

How to choose UPS battery cabinets?

Furthermore, the cabinets need to offer removable hinged doors so that the UPS system can be easily accessed. Doors need to be locked for safety and security. UPS Battery Cabinets have to be designed to house most front terminal batteries. Your UPS Battery Cabinets should have removable side panels so that cables can be easily installed.

Does unified power offer battery cabinets?

Unified Power offers a complete line of battery cabinets for both UPS and Telecom Applications. These cabinets can be configured to match OEM cabinets and offer a competitive option for system upgrades or new projects. Features Space saving foot print is the industry's most compact design.

What type of battery does a UPS typically use?

Most Uninterruptible Power Supply (UPS) systems use lead-acid batteries as their stored energy technology. Although some UPSs employ flywheels or hydrogen cells, lead-acid types remain the most popular choice for UPS manufacturers and users.
