

# **Unboxing How to open the solar base station flow battery**

## Overview

---

Can ecoflow battery be stacked with other power stations?

Check the EcoFlow in-app instructions of the connected power station for troubleshooting. The product can be stacked with EcoFlow DELTA 3 series (EcoFlow DELTA 3 & DELTA 3 Plus) during use. It is not recommended to stack the battery with other series of power stations.

What is the extra battery port on my ecoflow portable power station?

It is designed to expand the battery capacity of your EcoFlow portable power station and provide longer-lasting power support. \* The Extra Battery Port on the battery is an EcoFlow proprietary port.

How do I connect my ecoflow xt150 battery to a power station?

Connect the battery to the XT150 port of a compatible EcoFlow power station using the provided extra battery cable. Then connect the power station to a power source. Connect the battery to the XT150 port of a compatible EcoFlow smart generator using the provided extra battery cable.

How do I install the extra battery?

The extra battery is considered successfully installed once the battery icon is displayed on the screen of the power station. Please do not plug or remove the charging cable while the power station is working. Connect the battery to the XT150 port of a compatible EcoFlow power station using the provided extra battery cable.
