

Uruguay power grid energy storage transmission and distribution price

Overview

What is the electricity price in Uruguay?

The residential electricity price in Uruguay is UYU 10.110 per kWh or USD 0.253. The electricity price for businesses is UYU 4.980 kWh or USD 0.125. These retail prices were collected in December 2024 and include the cost of power, distribution and transmission, and all taxes and fees. Compare Uruguay with 150 other countries.

Is the power grid democratized in Uruguay?

However, all these elements lack cohesion as a technology ecosystem, there is little political intention toward democratization of the power grid, and more importantly, toward an integrated project of a new post-development 3 model and a fair energy transition. The electrical power system is universal in Uruguay.

How will information technology affect the electricity grid in Uruguay?

The incorporation of new information technologies and the rise of electromobility will occur naturally in Uruguay, leading to a gradual but steady intensification of the electricity grid.

Is the electricity system universal in Uruguay?

The electrical power system is universal in Uruguay. In 1975, the electrification rate was 79%, but in 2017 it was almost complete at 99.80%. This demonstrates the electricity grid forms part of any power policy in the country.
