

Vanuatu Smart solar Water Pump Inverter

Overview

What is the new solar water pump inverter Sp100 series?

After years of deep cultivation and exploration in the solar water pump industry, INVT has carefully developed a new solar water pump inverter: SP100 series. SP100 has comprehensively upgraded the usability, functionality, and performance of its existing solar water pump products.

How many islands are in Vanuatu?

Vanuatu is an archipelago consisting of 82 islands, with 65 inhabited. With the remoteness of the islands and limited access to centralised utilities, PCS also offers self supporting products suitable for the Vanuatu environment, including solar showers, hand spears, personal solar lighting and Lifestraw water filters.

How can PCs help Vanuatu's island living?

PCS seeks to improve Vanuatu's Island Living through the provision of high quality solutions from reputable suppliers who understand remote living. Solar Lighting Kits with 1 to 4 lights, including solar panel and battery pack. With a USB port for mobile phone or small electronic charging.

What makes Sp100 a good solar water pump?

SP100 has comprehensively upgraded the usability, functionality, and performance of its existing solar water pump products. Adopting IP66 high protection design, SP100 can be directly used outdoors without the need for additional cabinets. And it supports external IoT devices and achieves status monitoring and remote control of the inverter.
