

# Wellington Hotel uses 60kW photovoltaic container

## Overview

---

Are hotels investing in solar power plants?

More and more modern hotels are investing in the construction of their own solar power plants. Avenston designs and builds solar energy solutions for hospitality companies. Our solar power plants are installed on the roofs and facades of hotels and provide clean and cheap electricity.

Are solar energy containers a viable energy solution?

Solar energy containers offer a reliable and sustainable energy solution with numerous advantages. Despite initial cost considerations and power limitations, their benefits outweigh the challenges. As technology continues to advance and adoption expands globally, the future of solar containers looks promising.

How many hotels use energy in New Zealand?

The comprehensive Hotel Sector EnergyUse Survey covers the 2023 calendar year and details how 134 of New Zealand's hotels use resources. The hotels concerned comprise roughly 53% of NZ's hotel room supply. Advertise with NZME.

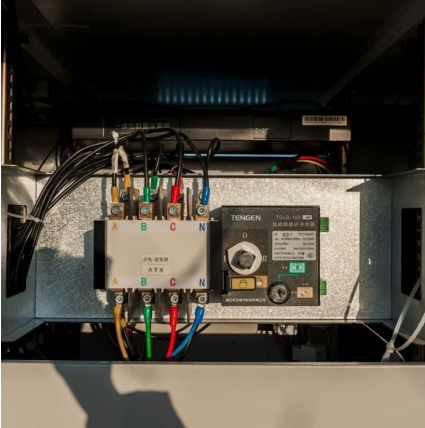

What is a solarfold photovoltaic container?

The Solarfold photovoltaic container can be used anywhere and is characterized by its flexible and lightweight substructure. The semi-automatic electric drive brings the mobile photovoltaic system over a length of almost 130 meters quickly and without effort into operation in a very short time.
