

Which companies have energy storage power stations in Mozambique

Overview

Globeleq, Source Energia and Electricidade de Moçambique (EDM) have started construction on the first IPP in Mozambique to integrate utility-scale energy storage with a solar PV plant. Which power stations are located in Mozambique?

This article lists all the power stations located in Mozambique. / -19.155833; 33.145000 (Mavuzi Hydroelectric Power Station) / -23.872222; 32.148611 (Massingir Hydroelectric Power Station) / -19.526111; 33.493056 (Mavuzi Hydroelectric Power Station) / -25.461667; 32.005278 (Ressano Garcia Thermal Power Station).

What is Mozambique's power sector?

Power is at the heart of Mozambique's development, and as the state-owned public utility responsible for electricity generation, transmission, distribution and commercialisation since 1977.

How can Mozambique achieve its electrification goal?

A power mix that takes advantage of its vast energy resources in a cost-effective way and provides a solid foundation for the long-term development of its power system. The use of proven power generation technologies coupled with a well-structured and realistic data-driven plan will enable Mozambique to reach its electrification goal.

How much electricity does Mozambique have in 2021?

Despite this huge generation potential only 38.6% of its population had access to electricity in 2021. The total installed power capacity in Mozambique stood at around 2,800 MW in the year 2021 whereas the peak demand reported by the state-owned energy utility Electricidade de Moçambique (EDM) was at 1,035 MW.
