

# **Which portable power bank is the best in Luxembourg**

## Overview

---

What are the best portable chargers & power banks in 2025?

November 18, 2025: With this update, our lineup of recommended portable chargers and power banks remains unchanged. The existing picks have been vetted for currency and availability. The Anker Laptop Power Bank has a capacity of 25,000mAh, but more importantly, it can deliver 100W of power from a single port.

What is the best power bank?

I've found the best power banks usually come from Anker, but newer brands like Cuktech and Iniu are also starting to make a name for themselves. Anker's A1383 20,000mAh power bank is my top pick for its hefty battery capacity, fast-charging and built-in cable, but the Iniu P41-E2 10,000mAh power bank is a nice budget portable charger.

Should I buy a power bank or a portable charger?

On the whole, yes. I've tested hundreds of power banks and portable chargers from a myriad of companies, and as long as you steer clear of the cheap no-name junk that you might find in dollar stores and gas stations you should be safe. You no doubt noticed I said "should" there. Let me explain what I mean.

Which battery brand is best for power banks?

Anker makes the best power banks we have tested so far, but batteries from Baseus and Iniu also performed well. All of the power banks on this list passed our testing, traveling with us on the road and powering our devices at home. Which brand is best for power banks in 2025?

Anker is making some the best power banks right.

Consider Charge Potential and Timing  
Decide How Much Capacity You Need  
Look at The Types and Numbers of Ports  
When shopping for a portable power bank, one of the main features to look out for is the capacity for fully charging your devices, especially your smartphone. If you have long travel days with little opportunity to plug your phone in and your backup charger can only offer half a charge to top it off, that may not work for you. Another thing to cons See more on travelandleisure Author: Lauren BreedlovePCMag
