

Wholesale usb c power station in Canada

Overview

What is USB-C® Power Delivery (PD)?

Our team of experts is ready to address all your inquiries. Receptacles with USB-C® Power Delivery (PD) technology provide more power, up to 55W, and use less heat, while eliminating the need for power adapters when charging laptops and other larger devices all the while maintaining electrical outlets for higher current requirements.

What is a USB C charging station?

Ideal for homes, offices, or on-the-go use, these versatile hubs provide a centralized spot to connect multiple gadgets, from smartphones and tablets to laptops and more. With sleek designs and powerful capabilities, USB C charging stations are perfect for anyone looking to reduce clutter and enhance their charging experience.

What is a USB-C Hub?

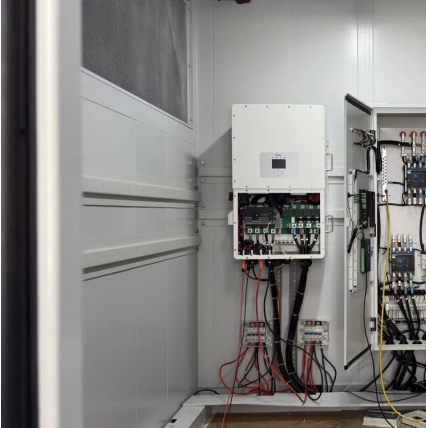

A rugged metal USB-C hub offering 5 USB-A and 2 USB-C ports with 5Gbps transfer speeds. A versatile 7-port hub offering USB-C and USB 3.0 connectivity with multi-device charging and data transfer. USB-C charging stations have quickly become a must-have accessory for anyone managing multiple devices at home, at work, or on the go.

How do I choose the right USB-C charging station?

When choosing the right USB-C charging station, there are a few key features to consider. Look for stations that offer a variety of port types and power outputs to accommodate everything from high-powered laptops to smaller gadgets like smartwatches and wireless earbuds.
